

# GREENSMES

ALBANIAN DEVELOPMENT FUND

## Quadruple helix model work cafe Tirana, Albania on 27 February 2026

The Quadruple Helix Model Work Café was organized within the framework of the GREENSMES Project, implemented under the Interreg IPA ADRION Programme.

The event took place on 27 February 2026 and followed a structured agenda designed to combine presentations with interactive discussions.

The opening speech highlighted:

- The importance of sustainable economic development in Albania
- The role of SMEs as key drivers of economic growth
- The necessity of supporting green innovation and sustainable practices
- The value of collaboration between public institutions, private sector, academia, and civil society

Participants were encouraged to actively engage in the discussions and contribute their perspectives.

This project is co-funded by the European Union through the Interreg IPA ADRION programme.
